develops character
based on
biblical principles
while preparing
young people to
serve and impact the
world for Jesus
Christ.***

**Middle-School and
High-School Programs**

***Come be a part of
the Faith family!***

Middle School

Our **seventh-grade and eighth-grade students** are guided in developing higher-level critical thinking, personal management, and interpersonal skills as they prepare for high school.

These students study Pre-Algebra and Algebra, Life Science and Earth Science, Constitutional and Pennsylvania History, General Literature, with Writing and Grammar (research papers, composition), Art, Drawing, Physical Education, Health, Computer Applications (introduction to Microsoft Office 2016), Music Theory, Music Appreciation, and Introduction to Foreign Language. Biblical studies focus on Proverbs and dynamic Christian living.

Students participate in independent science inquiry, culminating in a science fair.

They also have the option of joining praise team, chorus, and student council.

High School

In **ninth grade**, students study Algebra 2, Physical Science, World Cultures, Elements of Literature with writing and grammar, Art, Physical Education, Health, and Foreign Language. Biblical studies focus on Old Testament survey.

In **tenth grade**, students study Geometry, Biology (including dedicated lab periods), US History I, World Literature with writing and grammar, Art, Physical Education, Health, Computer Applications (advanced Microsoft Office 2016), and Foreign Language. Biblical studies focus on New Testament survey.

High School

In **eleventh and twelfth grades**, students have more flexibility in their course choices. In addition to US History II and Government, American Literature, British Literature with compositional writing, Physical Education, and Art History and Music History (one semester each), students may choose their math and science classes to best-fit their future goals. Math classes offered include Pre-Calculus, math-based Physics, and Consumer Math. Science classes include Chemistry, Anatomy and Physiology, Forensics, and Environmental Science. Electives include Personal Finance, Psychology, Art Portfolio, Digital Arts, Yearbook, Drama, Praise Team, and Chorus. Biblical studies for our juniors and seniors focus on ethics and apologetics.

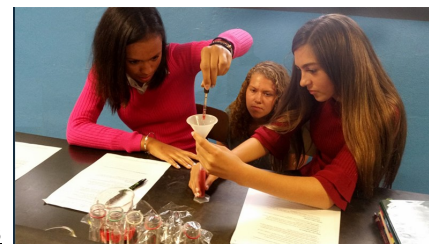

National Honor Society inductees

- All core high school classes can be taken as **honors classes**, as long as the requisite criteria are met. **AP** and **dual-enrollment** classes may be taken online.
- Other areas of involvement and development include **Student Council** and **National Honor Society**.
- We also accommodate students who attend Monroe Career & Technical Institute (MCTI) and Career Institute of Technology (CIT) for vocational training.

Grades 7-12 Foreign Language

We offer students the opportunity to learn French, German, and Spanish as core languages, and Italian, Latin, and Japanese as electives. All languages are learned utilizing the Rosetta Stone program.

Facilities

There is a dedicated **art room** and a dedicated **music room**. Our middle school and high school students undertake scientific inquiry in our **science lab**, and there are two fully updated **computer labs**. Student athletes have access for training in our **weight room**.

Beyond the Classroom

Middle School and High School Sports

We offer **soccer** in the fall, **basketball** and **cheerleading** in the winter, and **track and field** and **girls' volleyball** in the spring.

Our juniors and seniors participate in **Senator for a Day** at Northampton Community College, and our middle and high school chorus participates in **Music in the Parks** at Dorney Park.

We also offer **ski club** in the winter as well as **running club** in the winter and spring.

An important part of our school is **spiritual life**. **Weekly chapel services** are held, led by the student praise team. Also, **Spiritual Emphasis Week** is a major focal point during the school year.
